FAIRVIEW, Lincoln (Neb.), July 13 .- Samuel Compers, president of the American Federation of Labor and inferentially head of 3,000,000 voters of organized labor affiliated with the federation, will support William J. Bryan in the coming Presidential campaign. In political circles here today this announcement overshadowed all others, even the arrival of John W. Kern, the Vice-Presidential nominee. support was promised to the ticket, but he specifically denied any present intention of taking the stump in the coming campaign. Reports gained circulation that the labor leader would speak from the platform, but he made no such announcement. As he left Fairview after fifteen minutes' inter-Approved Security, Commercial and view with Bryan his manner was enthusiastic and his promises satisfactory to Bryan. In his interview with Bryan Gompers was attended by Frank Morrison, secretary of the federation, and James Duncan, also a labor leader.

The representatives of organized iaoor and Vice-Presidential Nominee Kern and party rode to "Bryan station" by the same trolley car. Bryan, in his neglected Fedora hat and alpaca coat, was there to greet them.

"Ah, now is the Vice-rresident?" inquired the leader of the ticket, smiling and extending his hand. What Kern said in reply was lost

in the confusion, but his smile was asuring as he shook hands vigorously with the standard bearer of his party. The Presidential and Vice-Presidential nominees, arm in arm, led the way to the Bryan home, followed by Abraham Simmons, delegate-at-large to the convention: John E. Osborne, member of the State Central Committee of indiana, and United States Jackson, chairman of that committee. Jackson, after talking with Bryan declared that Indiana would go for Bryan by 10,000 votes. He based this prediction on a canvass which he said he had been making since the middle of January. He anticipated the enrollment of any Roosevelt Republicans on the Bryan list. Bryan told his vis-Capital (Paid Up).. ## You Want Your Ads Read

## Here Is Some Advice- --

Honolulu more than any other city in the World, is a place where the Evening Paper gets the news first. The clock here is over two hours behind the clock at San Francisco, four hours behind Chicago, five hours behind New York and ten to eleven hours behind the clocks in the European capitals.

This means that when The Star is going to press THE DAY Is CLOSED in Washington, Chicago, New York and Europe and almost over in San Francisco. The news of the day is here for The Star.

Under modern conditions it takes practically no time to prepare and transmit news and THE STAR gets every evening the cable dispatches giving
